# Canada

- **Second-largest country in the world**, almost 10 million km<sup>2</sup>, stretching from the Atlantic to the Pacific to the Arctic.
- **Population around 41 million**, with most Canadians living within 300 km of the U.S. border.
- **Constitutional monarchy and parliamentary democracy**, with English and French as official federal languages.
- **Top 10 global economy**, driven by natural resources, manufacturing, services, technology, and trade.
- **Founding member of NATO, UN and NORAD**, with unique binational defence integration with the United States.
- **Highly multicultural society**, with immigration accounting for most population growth and workforce needs.
- **Arctic nation**, responsible for the longest coastline in the world and vast northern sovereignty challenges.
